### FLIGHTS OF FANCY

The Second MCC-Longview Flights of Fancy was held April 19, 2008. Just a day before the festival the professional grounds were roped off from the two public fields amid light showers. Arrivals of special guests were delayed because of rain. The morning of the festival dawned cold and overcast. But nothing deterred the festival. One of the fabulous things about flying with the Kansas City Kite Club is our ability to fly as a group. Kiteers show up early to help set Festival Ground display, and help tear down—Team Larkey's Fan Ban's and Buddy Banners were arranged about the Festival grounds, Sean Beaver's Beaver Banners were set along the edge of the professional flying field. Jeff Hale, Neenah, WI had his mighty Wall of Banners gracing the main walkway. The flying field was the well maintained grass of MCC-Longview College; in excellent shape, but hiding thousands of dollars of fiber optics as well as high voltage underground electrical lines. Large kite flyers eased their vehicles through the wet field. Everyone else carried their equipment in. College grounds-keepers carefully diagramed the grounds—each stake going into the ground outside of the professional field had to be OK'ed. Thirty minutes before the festival started the sun broke through the clouds, the temperature rose to the high sixty's, and kites filled the air. Al Sparling, Naperville IL, had one of the first kites up. Don Murphy, Omaha NE, recovering from carpal tunnel surgery just 5 days before the event, supervised his big kites going up.

KCKC Trafton Creemer was one of the outstanding volunteers for big kite wrangler duty.

KCKC members Don Larkie, Trafton Creemer, Doug Hoffman, and Ryan Larkey all helped with the candy drops using Don Larkie's Black and White Pilot and a custom candy bag. The candy drops were popular enough to be divided into age groups. They were able to be dropped fairly quickly employing a carabineer pulley system that ferried the candy bag to dropping height without lowering the kite.

After the grounds dried up a bit Susie Gilson organized bol races with the new club bols made by Bill Timmerman. Kids and adults alike were surprised at the powerful pull of the gentle winds. Winds ranged from 5 to 10 MPH North, Northwest throughout the day, with only a few brief lulls.

John Roberts dressed in a Pirate's costume to talk to the kids about kiting. Many kids had their pictures taken with the swashbuckling Johnny.

Andy Heimericks, Jefferson City, MO, had his penguins and huge pink pig on display.

Rich Ritter had the honor of first getting a kite stuck in the Charlie Brown Tree. Leaves hadn't budded yet, so the tree's limbs were very sticky. And they were well fed with Chicago Kite on site selling kites to eager new kite flyers.

Kite Historians Tomas and Jill Cross, Maple Grove MN, displayed kite memorabilia, and a local remote control airplane group gave indoor flying demos. The remote control group was late in setting up, so opportunist Ryan Larkey broke out an indoor kite to keep the crowds entertained.

Jessie Piacenza, Ken and Terri Wible manned the KCKC information tent answering questions and selling tickets for kite raffles.

Kids were also treated to kite making, bubble blowing, sand art, and a special inflatable area.

Estimates of attendees are still being calculated. The event was all afternoon, and with two public fields the crush of people was manageable. But figures will be well over 6,000, which is the number of parking spaces

the college has. Parking was at a premium through out the day of the event.

Many thanks to MCC-Longview officials Rich Ritter, Georgia Schmitting, Jill Ladas, and Nicole Fritz, KCKC planning committee Sean Beaver, Stephany Rosenholtz, Terri Wible, Ken Wible, Randy Larkey and Linda Larkey, out-of-town kites Alan Sparling, Naperville, IL, Don and Betty Murphy, Omaha, NE, Thomas and Jill Cross, Maple Grove MN, Jeff Hale, Neenah WI, Andy & Bonnie Heimericks, Jefferson City, MO, Bob and Janet Homan, Topeka, KS, Bob Crumpler, Topeka, KS, and local Kansas City Kites including (forgive me, I am going to miss some names!) Steve Batliner, Christopher Clark, Trafton Creemer, Victor Curtis, Rob Furman, Allan, Susie, and Lori Gilson, Doug Hoffman, Don Larkie, Tony and Karen MacKay, Nick and Jessica Piacenza, John Roberts, Stephany Rosenholtz, Dan Sitt, Bill and Cathy Timmerman, Rebecca Waner, and Ken and Terri Wible.

## **FLIGHTS OF FANCY—Pre and Post Party**

It certainly deserves its own heading—Terri Wible organized a SUPER Pre Party event at a downtown Lee’s Summit restaurant Beauchamp’s On the Rail <http://beauchampsbbq.com> (301 SE Douglas) Terri arranged for a private buffet complete with Pork Spare Ribs, Brisket, Turkey and all the fixings. With the buffet we were able to quickly eat, and visit at leisure. Terri, it was great to visit with others just before our grand event!

Saturday Breakfast: 6:45 am Perkins (1001 S E Hamblen Road) I don’t know—I couldn’t get up that early, but I tried. I shouldn’t have stayed visiting so many people so late the night before!

Saturday Post Party—SPIN Neapolitan Pizza <http://www.spinpizza.com/> was one of the sponsors for Flights of Fancy, and their food is fantastic! They were fabulous to us, reserving us the entire patio, so we could be as loud as we wanted!

## Home of the Huskies

The KC Kite Club was invited to attend Hawthorn Elementary's Peace/Earth Day Children's Festival on **Friday, April 25, 2008 from 6-8pm**. The primary purpose of the event is to promote peace within ourselves, our schools, and our community while treating our planet with respect.

The Hawthorn Children's Peace Festival is in its second year at Hawthorn. Last year's event featured many elements:

- Dinner for a Dollar, Recycling, Peace Pole Planting, Display of the John Denver Peace Quilt, Drumming performance, Choir performances, Paper crane making and Kite flying

The kite flying portion of the evening was a huge success last year – especially because Hawthorn's location is ideal for kite flying. The year-two plans include many returning elements. Since the kite flying was so successful, they have invited the KC Kite Club to enhance this portion of our event. Steve Batliner flew his kite along with Sean Beaver and Randy Larkey who helped to display ground decorations and brave to high winds and cold temps.....Overall it was a fun event.

## Kite and Kiteboarding Lake Event News.....

May 23rd-26th 2008 Join the KC, and area kite enthusiasts for 3 fun filled days of the fastest growing water sport kite boarding. This event is held over Memorial Day weekend and is geared to anyone who kite boards or is interested in learning more about this incredible sport. The event is an all weekend no format event. Just three days of kite flying, camping, friends, and fun. This year we will have a few special guests (Chris Buzten from Kitty Hawk Kites!) that will be camping with us sharing the experience.

The entire cove will be reserved, and tent campsites are located at Camp Branch Park on Smithville lakes east side. Please RSVP if you will be camping so we can have an accurate headcount. Sites are near the water!
